

MEMBRANA ECOLOGICA

Membrana Ecologica black is the cheapest solution as it is produced with a blend of recycled polyethylene (R-LDPE), linear polyethylene (LLDPE) and a copolymer of Ethylene-Vinyl-Acetate (EVA) which guarantees good softness and a service life above 5 years.

Custom made available.

Standard in stock:

Thickness mm	Film Width m	Film Length m	Theoric Weight kg	Area per roll m ²	Folding	Roll Width m	Packaging n° rolls per pallet
