

# MULTISILO BAR

**Multisilo BAR** is the evolution of the traditional Multisilo 3 and Multisilo 5.

Always in black side / white side, it has excellent oxygen barrier properties that allow a drastic reduction of the aerobic phase in the silage and therefore a significant improvement of the quality of the stored product.

Eiffel also offers a specific version to be used on the walls of the trench: the Multisilo Grey BAR.

Standard in stock of **Multisilo BAR**:

| Thickness | Film Width | Film Length | Theoric Weight | Area per roll  | Folding | Roll Width | Packaging           |
|-----------|------------|-------------|----------------|----------------|---------|------------|---------------------|
| mm        | m          | m           | kg             | m <sup>2</sup> |         | m          | n° rolls per pallet |
| 0,120     | 6          | 50          | 36             | 300            | Special | 1,0        | 24                  |
| 0,120     | 8          | 50          | 47,5           | 400            | Special | 1,0        | 24                  |
| 0,120     | 10         | 50          | 59             | 500            | Special | 1,0        | 12                  |
| 0,120     | 12         | 50          | 70,5           | 600            | Special | 1,0        | 12                  |
| 0,120     | 14         | 50          | 85,5           | 700            | Special | 2,0        | 12                  |
| 0,120     | 16         | 50          | 97             | 800            | Special | 2,0        | 12                  |
